

## **Lull Telehandler Attachment**

Lull Telehandler Attachments - Telehandlers by Lull have been supplying load placement precision ever since nineteen fifty nine. The Lull telehandler could help make the job faster and easier, whether the task involves landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are available together with the patented Stabil-Trak stability system in order to ensure operator confidence.

The horizontal placement system by Lull is able to provide eighty inches of boom travel for precision placement capabilities. There are likewise many optional Lull accessories for their telehandlers so as to help complete any work.
