

Attachments for Genie Forklifts

Genie Forklift Attachments - Genie Industries prides itself with the theory of lifting people and materials higher, extending beyond the products they design. A worldwide business that is greatly connected to their clients and enjoys reflecting the spirit of partnership with everything they accomplish. Genie Industries strives to help clientele build their operations no matter how large or small the scale of undertaking may be.

The inauguration of the Genie Hoist in 1996, a pneumatic, portable materials lift initiated the opening of Genie Industries. A series of aerial work platforms and additional material lift trucks followed to meet customer demand. These innovative goods secured universal acknowledgment and established contemporary product design.

Currently, Genie Industries is a subsidiary of the Terex Corporation. Among their top priorities are to construct and maintain foremost quality manufacturing and uncompromising level of support and service. With clients from Dubai to Dallas and Hong Kong to Helsinki requesting the distinctive blue coloured material forklifts on the jobsite, the company is securely planted in their exceptional customer principles and service. Acknowledging that their users are their greatest motivation, the team at Genie Industries are personally dedicated to offering expertise and maintaining customer rapport.
