Advance-Nilfisk Parts - Imagine how long and tiresome it will actually be to clean-up right after a party, without assistance from machines. Previously, the dust from upholstery and carpets had to be beat out of them by hand; brooms, brushes and cleaning cloths were the best cleaning products at the time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Establishing the business in 1906, he started to produce motors in order to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the start was to own a worldwide business advertising merchandise worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that could be operated by one individual since it only weighed 17.5 kilos! This creation came in a time where numerous cleaning equipment were very big and required 4 or more operators, hence, the Nilfisk C1 transformed everything and developed the way we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an existing crisis; things get dirty and must be cleaned frequently, without too much effort.

Slowly, the company Nilfisk-Advance expanded through the years. During the the early part of the 1980's the company grew fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the trade, aiming to be an active international player in manufacturing professional cleaning equipment. Nilfisk-Advance is currently located in all parts of the world due to steadily obtaining many small companies in order to develop their product selection and presence in new markets. They are really proud to offer a range of cleaning solutions to suit every need.
