

Rockwell Part

Rockwell Parts - AxleTech International is a premier supplier in the world of specialty vehicle drive-train systems and components together with off highway vehicles. The business prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working within an environment that supports the utmost integrity with empowered collaboration, combined with a relentless pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever comments or questions, since they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely dedicated to improving and preserving the natural world. AxleTech has an EHS program that not just protects the natural world but which even actively protects their neighbors and workers too.

AxleTech specializes in the designing and manufacture of planetary axles for both military and commercial applications, that may include anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider too. AxleTech specially designs axles in order to meet specific application demands. They have more than 1000 different axle specs within their existing offering. With over one hundred years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in various commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement requirements, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that can be found in the "ISAS" product selection.
